

Keyline Care Education Centre

Alternative Provision

Overview

Keyline Care Education Centre is a specialist alternative provision for secondary-aged learners who are unable or unwilling to access mainstream education due to **SEMH needs, SEND, anxiety, exclusion or complex life experiences**.

We provide a **safe, structured and trauma-informed environment** where young people can re-engage with education, develop emotional regulation and progress towards positive next steps.

The Need

Many young people placed at risk of exclusion or disengagement require:

- Smaller learning environments
- Consistent, trusted adult relationships
- Practical and vocational learning opportunities
- Support aligned to EHCP outcomes

Keyline Care Education Centre is designed to meet these needs effectively and flexibly.

Our Offer

Commissioned placements at Keyline Care Education Centre include:

- **Personalised programmes** aligned to EHCP outcomes and individual targets
- **Small group and 1:1 provision** to maximise engagement and safety
- **Trauma-informed SEMH support** embedded throughout the day
- **Functional academic learning**, vocational and practical pathways
- **Life skills and preparation for adulthood**

Placements can be short-term, medium-term or longer-term, depending on learner need.

Impact & Outcomes

Our provision focuses on measurable progress in:

- Engagement and attendance
- Emotional regulation and behaviour
- Confidence, independence and readiness to learn
- Academic, vocational and life skills development

Clear progression planning supports learners into **reintegration, further education, training or employment.**

Safeguarding & Quality Assurance

- Robust safeguarding culture and procedures
 - Staff trained in SEMH, SEND and safeguarding
 - Strong partnership working with LAs, schools, families and professionals
 - Regular monitoring and review of learner progress and provision effectiveness
-
